

# ARCHERY TOURNAMENT

Archery is a really fun, social and relaxed activity that anyone can enjoy (and hit the target).

We start with a brief instruction and practice round, once everyone is feeling comfortable and has their eye in, teams test their skills in a mini-tournament.

Our archery tournament provides a relaxed, entertaining environment great for building team spirit and developing social relations between employees.

A fun competitive spirit emerges between teams and supportive environment within teams. For the individual there is nothing quite like hitting the bull's eye for the first time which is always well rewarded and applauded by team members.

We provide quality Bows, Arrows, Target Faces and Instruction.

To book your Archery Function please contact Brendon on
